WHAT ARE THE PATHWAYS TO MS CURES?

STOP MS IN ITS TRACKS

- › Detection before symptoms
- › Individualized treatment
- › Lifestyle strategies

NO DISEASE PROGRESSION

RESTORE LOST FUNCTION

- › Myelin repair
- › Rehabilitation
- › Lifestyle and wellness strategies

REGAIN LOST FUNCTION

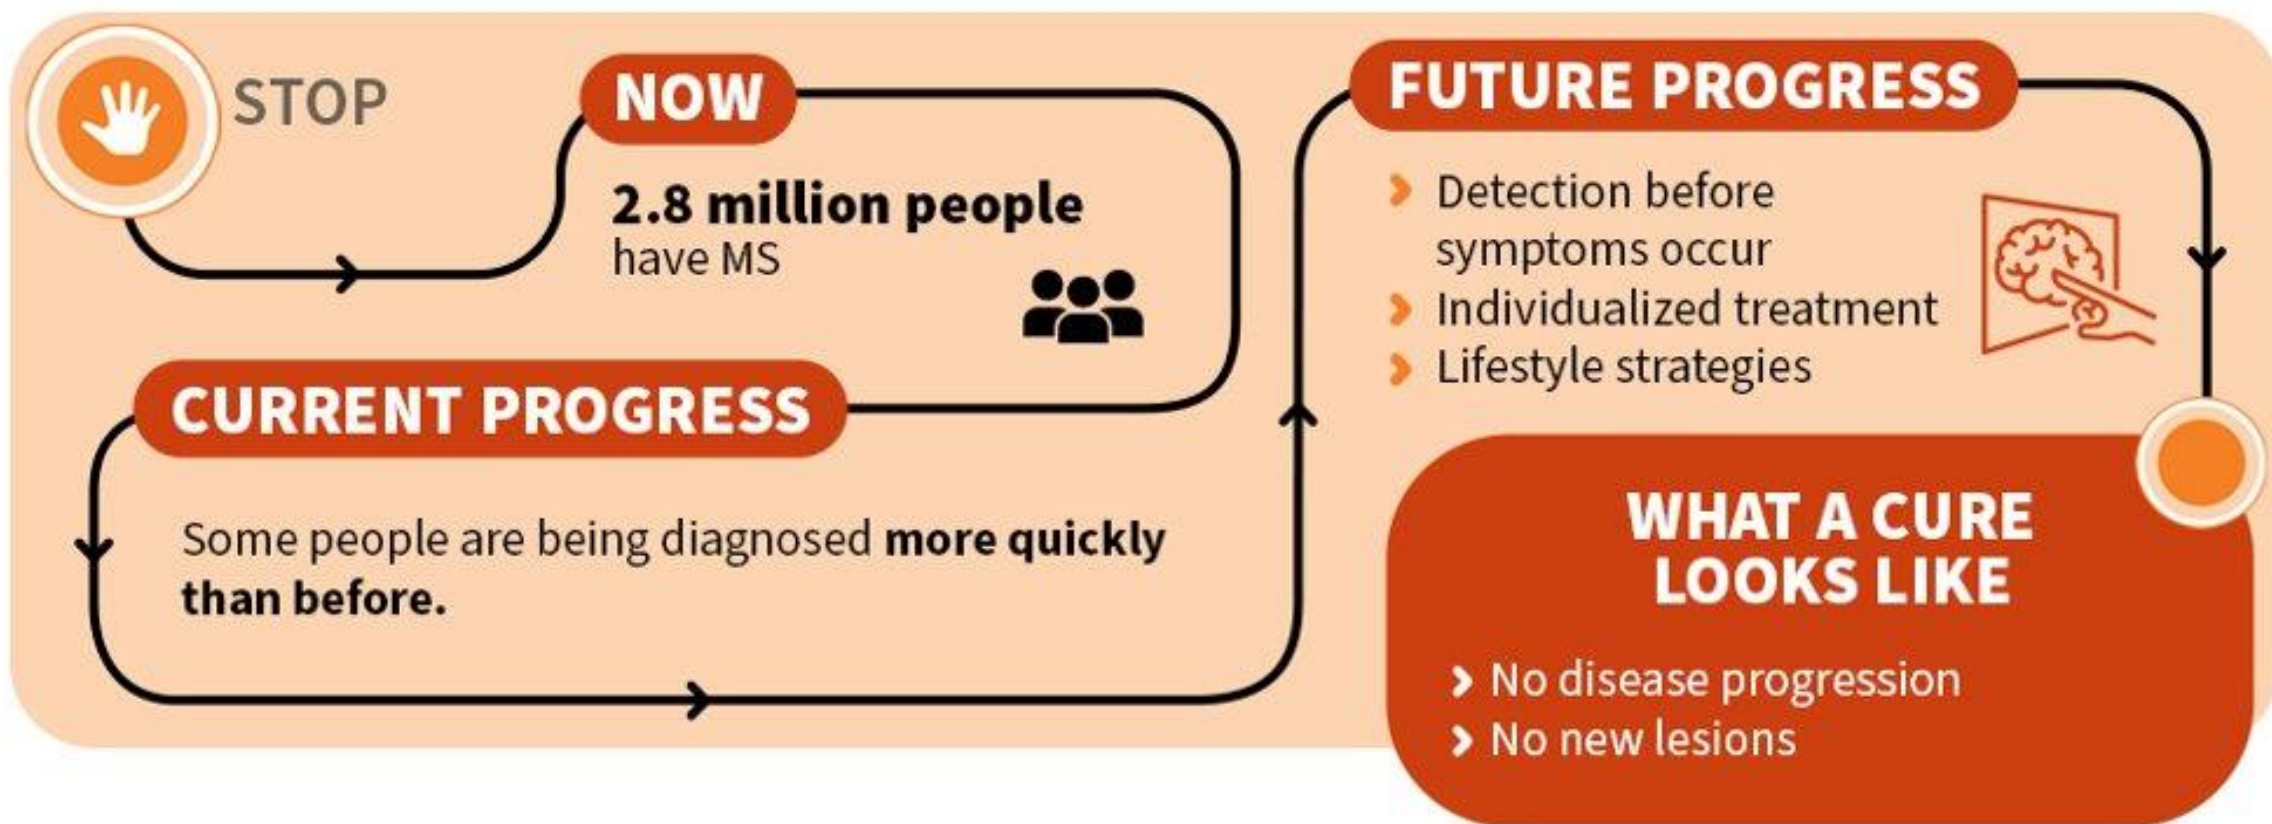

END MS FOREVER

- › Reduce risk factors
- › Guidance for those most at-risk

NO NEW DIAGNOSES

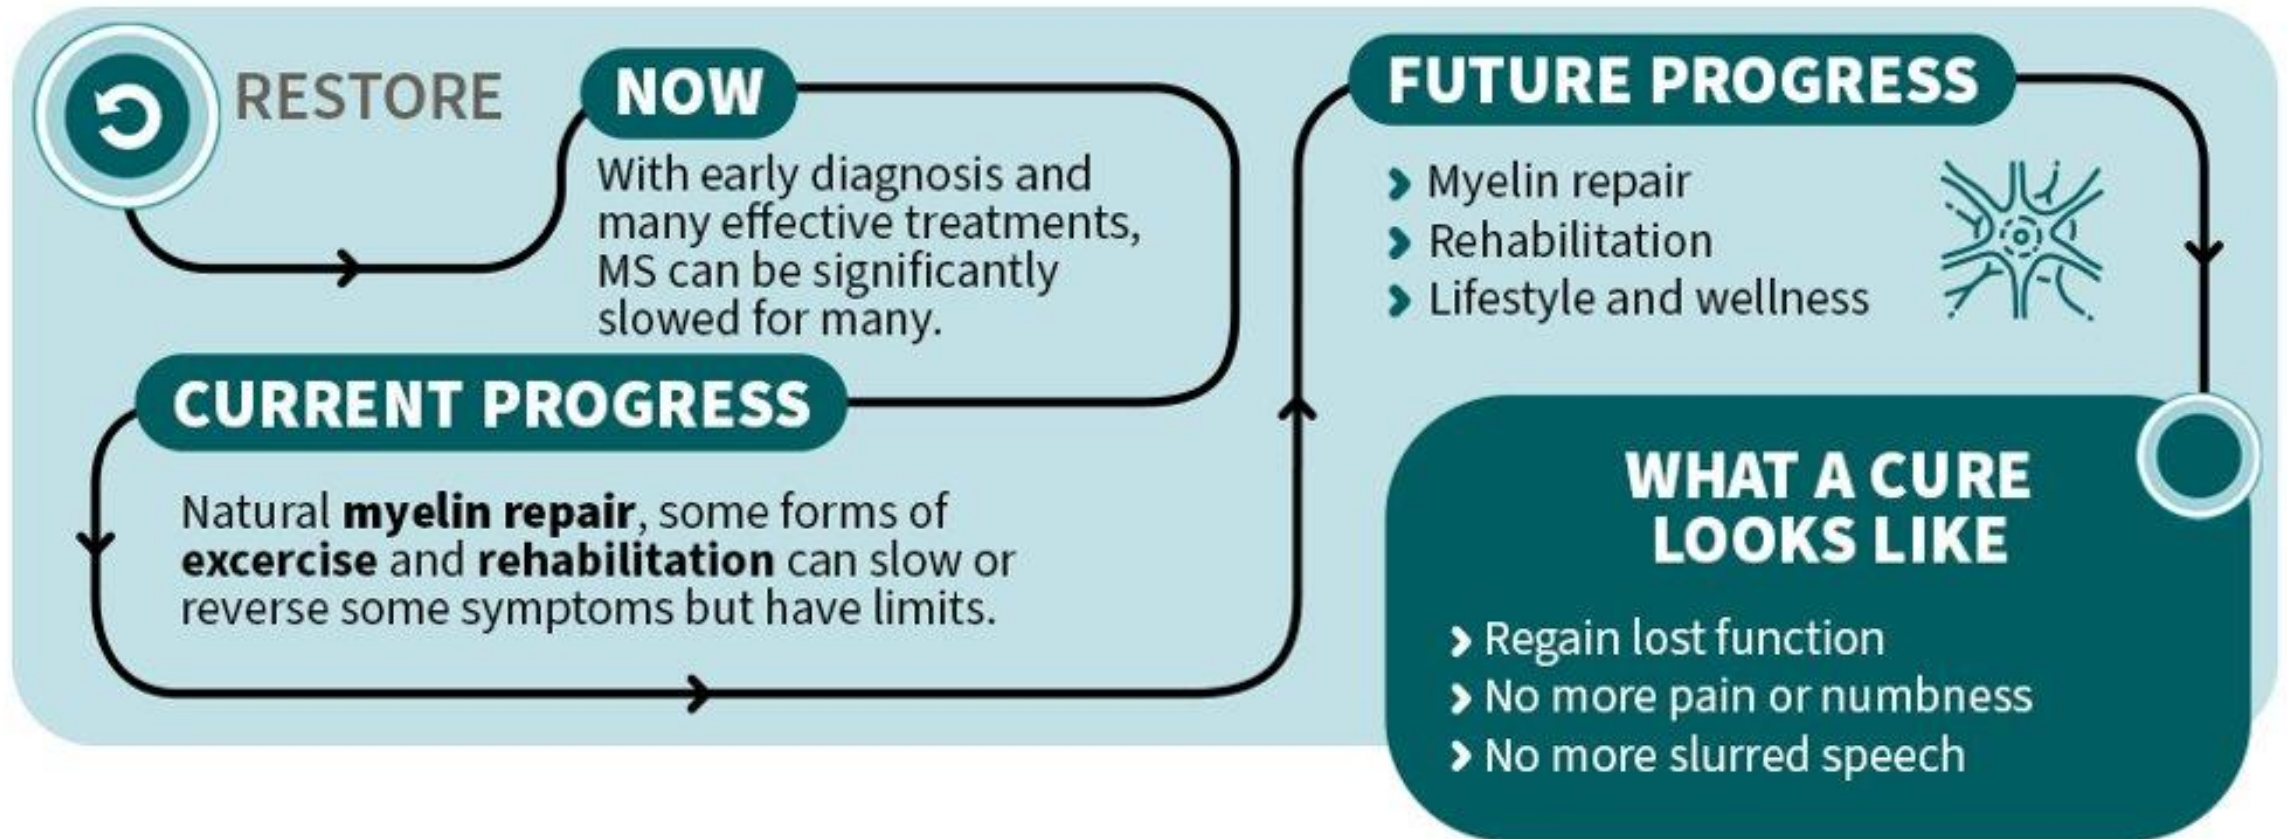

A cure for MS is different for every person.

What does it mean to Stop MS?

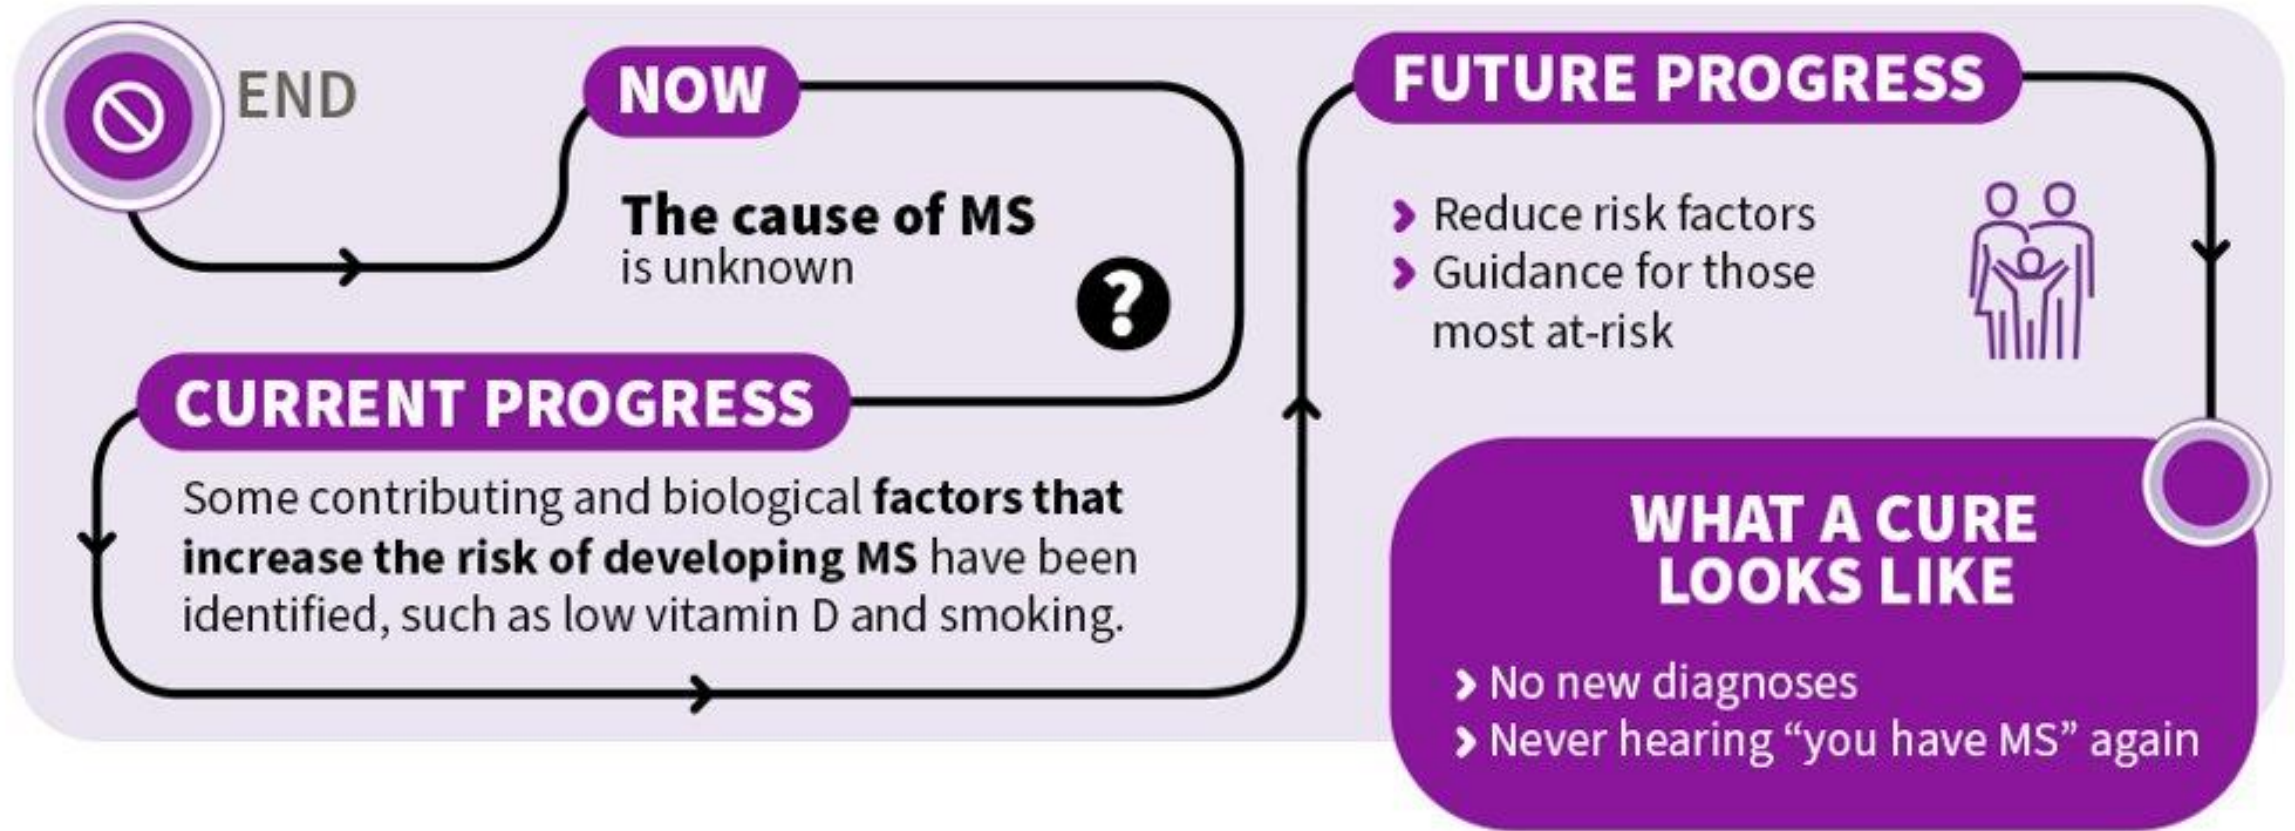

A cure for MS is different for every person.

What does it mean to Restore lost function?

A cure for MS is different for every person.

What does it mean to End MS?
